

# Gottfried Prairie and Arboretum NATIVE Plant Sale 2019

## ORDER FORM

**Welcome to the 4th Annual NATIVE plant sale by the Gottfried Prairie and Arboretum!** This year we are offering Wisconsin native prairie sun perennials, part-sun perennials, grasses, sedges and rushes. In addition we are including Wisconsin native woodland SHADE perennials and native ferns. Our Wisconsin natives are adapted to our climate and will grow very well for you if you plant them in the correct light and moisture conditions.

**Two sizes of pots are offered:      2 1/2 inch pots - \$3.50 each (2 pots/species minimum)**

**4 1/2 inch pots - \$6.00 each**

**Some of the species come in only one size of pot, while others are offered with both options.**

*For all gardens, plants should be placed 12" apart. Create a border of at least a foot around the whole garden. It is best to install an edging around the perimeter to stop encroaching lawn grass. Mulch with year old wood chips, leaf mulch, clean grass clippings or clean straw. Keep plants moist for the first growing season and in times of drought.*

*A good website for viewing the individual plants is [Wisflora: Checklist of the Vascular Plants of Wisconsin](http://www.botany.wisc.edu/wisflora), ([www.botany.wisc.edu/wisflora](http://www.botany.wisc.edu/wisflora)). A good field guide that includes color photos is [Wildflowers of Wisconsin](#) by Merel Black and Emmet Judziewicz.*

*We are not offering the garden design packages this year. All plants listed are great for our native pollinators and provide backyard habitat.*

**Prepaid orders must be postmarked by March 30th for May 11th pick up at UW- FDL. Pickup time from 9 am to noon at the UW-Fond du Lac main entrance. Thank you for your order! Questions? Call Margie Winter at 920-923-2490. We suggest your make a copy of your order for your records.**
